

# Library Locations at the University Library Passau

Each book is labeled with a call number. The initial part of the call number consists of a numerical location code (followed by subject letters), which indicates the item's physical location within the library.

| Local codes | Subject letter                    | (Specialist)Inventory  | Location   | Local codes | Subject letter                     | (Specialist)Inventory    | Location                                   | Local codes  | Subject letter   | (Specialist)Inventory                        | Location                                     |
